NOTE 1 - GROUP'S ORGANISATION AND NATURE OF OPERATIONS

Turcas Petrol A.Ş. and its subsidiaries ("The Group") consist of Turcas Petrol A.Ş. ("The Company" or "Turcas"), 2 subsidiaries and 2 associates.

Turcas Petrolcülük A.Ş. was established in 1988 by Türkpetrol Holding and Burmah-Castrol. In 1996, Tabaş Petrolcülük A.Ş. ("Tabaş") purchased shares of Turcas Petrolcülük A.Ş, resulting in an ownership of 82.16%.

On 30 September 1999, Tabaş merged with Turcas Petrolcülük A.Ş.. As a result of the merger, the assets and liabilities of Turcas Petrolcülük A.Ş. were transferred to Tabaş and Turcas Petrolcülük A.Ş. was dissolved. As of the same date, the commercial title of Tabaş was changed to Turcas Petrol A.Ş..

As of 1 July 2006, Turcas Petrol A.Ş. transferred its part of shares to Shell & Turcas Petrol A.Ş. ("STAŞ") by partial spin-off. 30% shares of STAŞ were owned by Turcas Petrol A.Ş. and 70% of shares were owned by The Shell Company of Turkey Ltd ("Shell Türkiye"). Since this date, main operations of Turcas Petrol A.Ş.; which were purchasing, selling, importing, exporting of fuel products and lubricants, are carried by STAŞ. Accordingly, based on the decision of the Company's Board of Directors, the main operations of the Company changed into exploration, research, production, transportation, distribution, storage, export, import, re-export, and national and international investments about trade in the energy sector and its subsectors like petroleum, fuel, electricity and natural gas; and to establish new companies and/or to join the management and establishment of the companies that focus on developing new business lines with commercial, industrial, agricultural and financial purposes.

The Company is incorporated in Turkey and the address of the registered office is as follows:

Ahi Evran Cad. No: 6 Aksoy Plaza. Kat: 7. Maslak/Sarıyer/İstanbul

The shares of the Company have been traded on Borsa İstanbul since 1992.

The Company's main shareholder is Aksoy Holding A.Ş. The capital structure of the Company as of the related balance sheet dates have been provided at Note 9.

The number of employees of the Group at the end of the period is 99 (31 December 2017: 69).

Subsidiaries	**Country**	**Nature of business**
Turcas Elektrik Toptan Satış A.Ş.	Turkey	Electricity
Turcas Kuyucak Jeotermal Elektrik Üretim A.Ş.	Turkey	Energy, electricity

In 1996, the Company acquired 100% of Turcas Enerji Holding A.Ş ("Turcas Enerji"). During the year, The Company also bought Turcas Enerji Holding A.Ş shares (5%) from Ataş Anadolu Tasfiyehanesi A.Ş, ("ATAŞ") which was established in 1958, owned by "Turcas Enerji".

Based on the resolution of the Board of Directors of the Company dated 7 June 2004, the Company's subsidiary Marmara Petrol ve Rafineri İşleri A.Ş. and the other ATAŞ partners returned their Certificate of Refinery to the General Directorate of Petroleum Affairs, put an end to the refining operations of ATAŞ and obtained an "Oil Terminal License" for ATAŞ from the Energy Market Regulatory Authority ("EMRA"). The entity continues its fuel storage and service operations as of the balance sheet date.

(Amounts expressed in Turkish Lira ("TL") unless otherwise indicated.)

NOTE 1 - GROUP'S ORGANISATION AND NATURE OF OPERATIONS (Continued)

As a result of the Extraordinary General Assembly meeting held on 27 May 2008, the Company resolved for the change of its title from "Marmara Petrol ve Rafineri İşleri A.Ş." to "Turcas Enerji Holding A.Ş.". This decision was published on the Turkish Trade Registry Gazette numbered 7105 on 15 July 2008 and the title is registered and declared as Turcas Enerji Holding A.Ş.. Turcas Enerji Holding A.Ş (TEHAŞ) had decided to merge with Turcas Yenilenebilir Enerji Üretim A.Ş. (TYEÜAŞ), which is its 100% subsidiary, via takeover method whereby all assets and liabilities of TYEÜAŞ shall be transferred to TEHAŞ as a whole and carry out necessary transactions in accordance with Turkish Commercial Code, Corporate Tax Law and related legislation. At this time, the Company has been informed that the above mentioned merger transaction has been registered by İstanbul Trade Registration Office on 26 October 2017. Turcas Petrol A.Ş had decided to merge with Turcas Enerji Holding A.Ş. (TEHAŞ), which is Turcas Petrol's 100% subsidiary, via takeover method whereby all assets and liabilities of TEHAŞ shall be transferred to Turcas Petrol as a whole and carry out necessary transactions in accordance with Turkish Commercial Code, Corporate Tax Law and related legislation. At this time, the Company has been informed that the above mentioned merger transaction has been registered by İstanbul Trade Registration Office on 4 December 2017.

Turcas Elektrik Üretim A.Ş. was established on 23 December 2003. Turcas Elektrik Üretim A.Ş. obtained Electric Production License with the EMRA's decision numbered 658-2 dated 16 February 2006, for 20 years starting from 16 February 2006. The Electricity Production License has been terminated as of 31 January 2015 by the EMRA Board Decision No. 5440-17 dated 29 January 2015. It has been resolved to merge with the 100% subsidiary Turcas Elektrik Üretim A.Ş. whereby all of its assets and liabilities shall be transferred to the Company. The merger transaction was completed and registered by the Istanbul Trade Registration Office on August 14, 2017.

Turcas Elektrik Toptan Satış A.Ş. was established on 30 October 2000. Turcas Elektrik Toptan Satış A.Ş. obtained the license to operate in electricity trading business for 10 years starting from 5 June 2003 in accordance with the Electricity Market Regulation numbered 4628.

Turcas Kuyucak Jeotermal Elektrik Üretim A.Ş., has been established to operate in the field of geothermal power generation with joint ventures of Turcas Enerji Holding A.Ş. (46%), BM Mühendislik ve İnşaat A.Ş. (46%) and Alte Enerji A.Ş. (8%) on September 2013. The Company purchased 46% shares owned by BM Mühendislik ve İnşaat A.Ş. on 30 May 2016. Turcas Kuyucak has been included in the Turcas Petrol A.Ş. consolidated financial statements as of the aforementioned date with full consolidation method.

Associates	Company	Nature of business
Shell & Turcas Petrol A.Ş. ("STAŞ")	Turkey	Petroleum products
RWE&Turcas Güney Elektrik Üretim A.Ş. ("RWE&Turcas Güney")	Turkey	Energy, electricity

STAŞ operates in every aspect of the purchase, sale, import, export, storage and distribution of all types of fuel and lubricants.

RWE & Turcas Güney Elektrik Üretim A.Ş has been established on 7 December 2007 in order to construct and operate electricity power plant, generate electricity, heat and steam from power plants, perform maintenance services and market the recycled and waste materials.

The detailed information about the investments accounted by equity method is given in Note 7.

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

2.1 Basis of Presentation

Financial reporting standards

The accompanying condensed interim consolidated financial statements of the Group have been prepared in accordance with Turkish Accounting Standards / Turkish Financial Reporting Standards ("TAS/TFRS") promulgated by the Public Oversight Accounting and Auditing Standards Authority of Turkey ("POA") that are set out in the 5th article of the communiqué numbered II-14.1 "Communiqué on the Principles of Financial Reporting In Capital Markets" ("the Communiqué") announced by the Capital Markets Board ("CMB") on 13 June 2013 and published in Official Gazette numbered 28676.

The Group has prepared its condensed interim financial statements as of 31 March 2018 in accordance with Communiqué Serial II, No:14.1, "Principles of Financial Reporting in Capital Markets" and TAS 34. Condensed interim consolidated financial statements and notes have been prepared in accordance with the minimum requirements published by CMB.

With the decision taken on 17 March 2005, the CMB has announced that, effective from 1 January 2005, the application of inflation accounting is no longer required for companies operating in Turkey and preparing their financial statements in accordance with the accounting and financial reporting principles issued by the CMB. Accordingly, the Group's interim condensed consolidated financial statements have been prepared in this respect.

The Group maintains its books of account and prepares its statutory financial statements in accordance with the Turkish Commercial Code ("TCC"), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance and accounting principles issued by the Capital Market Board ("CMB"). The consolidated financial statements, except for the financial asset and liabilities presented with their fair values, are maintained under historical cost conversion, these consolidated financial statements are based on the statutory records, which are maintained under historical cost conversion, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with the TAS.

In compliance with the TAS 34, entities have preference in presenting their condensed interim consolidated financial statements whether full set or condensed. In this framework, Group preferred to present its condensed interim consolidated financial statements in condensed form.

The Group's interim condensed consolidated financial statements does not contain the entire explanations and notes of the year-end financial statements. Therefore, the interim condensed consolidated financial statements should be examined together with the year-end consolidated financial statements as of 31 December 2017.

The preparation of financial statements in conformity with Turkish Accounting Standards requires management to exercise its judgement in the process of applying the group's accounting policies. The significant assumptions and estimates applied in the preparation of the consolidated financial statements are disclosed in Note 2.4.

NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.2 Summary of the Significant Accounting Policies

The accounting policies applied during the preparation of these interim condensed consolidated financial statements are consistent with the accounting policies applied for the financial year between 1 January - 31 December 2017. These condensed interim consolidated financial statements should be read on a comparative basis with annual financial statements for the year between 1 January - 31 December 2017.

There is no difference in the accounting policy applied to the condensed consolidated interim financial statements from the annual consolidated financial statements which have been prepared within the framework of Communiqué II, No: 14.1 and related promulgations to this Communiqué as issued by the CMB in accordance with CMB Financial Reporting Standards which is based on TAS/TFRS.

The new standards, amendments and interpretations

The accounting policies adopted in preparation of the interim consolidated financial statements as at March 31, 2018 are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and TFRIC interpretations effective as of January 1, 2018. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

i) The new standards, amendments and interpretations which are effective as at January 1, 2018 are as follows:

TFRS 15 Revenue from Contracts with Customers

In September 2016, POA issued TFRS 15 Revenue from Contracts with Customers. The new standard issued includes the clarifying amendments to IFRS 15 made by IASB in April 2016. The new five-step model in the standard provides the recognition and measurement requirements of revenue. The standard applies to revenue from contracts with customers and provides a model for the sale of some non-financial assets that are not an output of the entity's ordinary activities (e.g., the sale of property, plant and equipment or intangibles). TFRS 15 effective date is January 1, 2018. The standard did not have a significant impact on the financial position or performance of the Group.

TFRS 9 Financial Instruments

In January 2017, POA issued the final version of TFRS 9 Financial Instruments. The final version of TFRS 9 brings together all three aspects of the accounting for financial instruments project: classification and measurement, impairment and hedge accounting. TFRS 9 is built on a logical, single classification and measurement approach for financial assets that reflects the business model in which they are managed and their cash flow characteristics. Built upon this is a forward-looking expected credit loss model that will result in more timely recognition of loan losses and is a single model that is applicable to all financial instruments subject to impairment accounting. In addition, TFRS 9 addresses the so-called 'own credit' issue, whereby banks and others book gains through profit or loss as a result of the value of their own debt falling due to a decrease in credit worthiness when they have elected to measure that debt at fair value. The Standard also includes an improved hedge accounting model to better link the economics of risk management with its accounting treatment. TFRS 9 is effective for annual periods beginning on or after 1 January 2018. The standard did not have a significant impact on the financial position or performance of the Group.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

TFRS 4 Insurance Contracts (Amendments)

In December 2017, POA issued amendments to TFRS 4 Insurance Contracts. The amendments introduce two approaches: an overlay approach and a deferral approach. The amended Standard will:

- give all companies that issue insurance contracts the option to recognise in other comprehensive income, rather than profit or loss, the volatility that could arise when TFRS 9 Financial instruments is applied before the new insurance contracts Standard is issued; and

- give companies whose activities are predominantly connected with insurance an optional temporary exemption from applying TFRS 9 Financial instruments until 2021. The entities that defer the application of TFRS 9 Financial instruments will continue to apply the existing financial instruments Standard—TAS 39. The amendment is not applicable for the Group and did not have an impact on the financial position or performance of the Group.

These amendments are applied for annual periods beginning on or after 1 January 2018.

TFRIC 22 Foreign Currency Transactions and Advance Consideration

The interpretation issued by POA on 19 December 2017 clarifies the accounting for transactions that include the receipt or payment of advance consideration in a foreign currency.

The Interpretation states that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration. An entity is not required to apply this Interpretation to income taxes; or insurance contracts (including reinsurance contracts) it issues or reinsurance contracts that it holds. The interpretation is not applicable for the Group and did not have an impact on the financial position or performance of the Group.

The interpretation is effective for annual reporting periods beginning on or after 1 January 2018.

TFRS 2 Classification and Measurement of Share-based Payment Transactions (Amendments)

In December 2017, POA issued amendments to TFRS 2 Share-based Payment, clarifying how to account for certain types of share-based payment transactions. The amendments, provide requirements on the accounting for:
a. the effects of vesting and non-vesting conditions on the measurement of cash-settled share-based payments;
b. share-based payment transactions with a net settlement feature for withholding tax obligations; and
c. a modification to the terms and conditions of a share-based payment that changes the classification of the transaction from cash-settled to equity-settled. The amendments are not applicable for the Group and did not have an impact on the financial position or performance of the Group.

These amendments are applied for annual periods beginning on or after 1 January 2018.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

TAS 40 Investment Property: Transfers of Investment Property (Amendments)

In December 2017, POA issued amendments to TAS 40 'Investment Property '. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. These amendments are applied for annual periods beginning on or after 1 January 2018. The amendments are not applicable for the Group and did not have an impact on the financial position or performance of the Group.

Annual Improvements to TFRSs - 2014-2016 Cycle

In December 2017, POA issued Annual Improvements to TFRS Standards 2014–2016 Cycle, amending the following standards:

- TFRS 1 First-time Adoption of International Financial Reporting Standards: This amendment deletes the short-term exemptions about some TFRS 7 disclosures, IAS 19 transition provisions and IFRS 10 Investment Entities. These amendments are applied for annual periods beginning on or after 1 January 2018.

- TAS 28 Investments in Associates and Joint Ventures: This amendment clarifies that the election to measure an investment in an associate or a joint venture held by, or indirectly through, a venture capital organisation or other qualifying entity at fair value through profit or loss applying TFRS 9 Financial Instruments is available for each associate or joint venture, at the initial recognition of the associate or joint venture. These amendments are applied for annual periods beginning on or after 1 January 2018.

The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the interim consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the consolidated financial statements and disclosures, when the new standards and interpretations become effective.

TFRS 16 Leases

In April 2018, POA has published a new standard, TFRS 16 'Leases'. The new standard brings most leases on-balance sheet for lessees under a single model, eliminating the distinction between operating and finance leases. Lessor accounting however remains largely unchanged and the distinction between operating and finance leases is retained. TFRS 16 supersedes TAS 17 'Leases' and related interpretations and is effective for periods beginning on or after January 1, 2019, with earlier adoption permitted. The Group is in the process of assessing the impact of the standard on financial position or performance of the Group.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

Amendments to TAS 28 Investments in Associates and Joint Ventures (Amendments)

In December 2017, POA issued amendments to TAS 28 *Investments in Associates and Joint Ventures*. The amendments clarify that a company applies TFRS 9 *Financial Instruments* to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture.

TFRS 9 Financial Instruments excludes interests in associates and joint ventures accounted for in accordance with TAS 28 Investments in Associates and Joint Ventures. In this amendment, POA clarified that the exclusion in TFRS 9 applies only to interests a company accounts for using the equity method. A company applies TFRS 9 to other interests in associates and joint ventures, including long-term interests to which the equity method is not applied and that, in substance, form part of the net investment in those associates and joint ventures.

The amendments are effective for annual periods beginning on or after 1 January 2019, with early application permitted.

The Group is in the process of assessing the impact of the amendments on financial position or performance of the Group.

TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments)

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted. The Group will wait until the final amendment to assess the impacts of the changes.

iii) The new standards, amendments and interpretations that are issued by the International Accounting Standards Board (IASB) but not issued by Public Oversight Authority (POA)

The following standards, interpretations and amendments to existing IFRS standards are issued by the IASB but not yet effective up to the date of issuance of the financial statements. However, these standards, interpretations and amendments to existing IFRS standards are not yet adapted/issued by the POA, thus they do not constitute part of TFRS. The Group will make the necessary changes to its consolidated financial statements after the new standards and interpretations are issued and become effective under TFRS.

Annual Improvements – 2010–2012 Cycle

IFRS 13 Fair Value Measurement

As clarified in the Basis for Conclusions short-term receivables and payables with no stated interest rates can be held at invoice amounts when the effect of discounting is immaterial. The amendment is effective immediately.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

IFRIC 23 Uncertainty over Income Tax Treatments

The interpretation clarifies how to apply the recognition and measurement requirements in "IAS 12 Income Taxes" when there is uncertainty over income tax treatments.

When there is uncertainty over income tax treatments, the interpretation addresses:
(a) whether an entity considers uncertain tax treatments separately;
(b) the assumptions an entity makes about the examination of tax treatments by taxation authorities;
(c) how an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates; and
(d) how an entity considers changes in facts and circumstances.

An entity shall apply this Interpretation for annual reporting periods beginning on or after 1 January 2019. Earlier application is permitted. If an entity applies this Interpretation for an earlier period, it shall disclose that fact. On initial application, an entity shall apply the interpretation either retrospectively applying IAS 8, or retrospectively with the cumulative effect of initially applying the Interpretation recognised at the date of initial application. The Group is in the process of assessing the impact of the interpretation on financial position or performance of the the Group.

IFRS 17 - The new Standard for insurance contracts

The IASB issued IFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. IFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. Certain changes in the estimates of future cash flows and the risk adjustment are also recognised over the period that services are provided. Entities will have an option to present the effect of changes in discount rates either in profit and loss or in OCI. The standard includes specific guidance on measurement and presentation for insurance contracts with participation features. IFRS 17 will become effective for annual reporting periods beginning on or after 1 January 2021; early application is permitted. The amendments are not applicable for the Group and did not have an impact on the financial position or performance of the Group.

Prepayment Features with Negative Compensation (Amendments to IFRS 9)

In October 2017, the IASB issued minor amendments to IFRS 9 Financial Instruments to enable companies to measure some prepayable financial assets at amortised cost. Applying IFRS 9, a company would measure a financial asset with so-called negative compensation at fair value through profit or loss. Applying the amendments, if a specific condition is met, entities will be able to measure at amortised cost some prepayable financial assets with so-called negative compensation.

The amendments are effective from annual periods beginning on or after 1 January 2019, with early application permitted.

The Group is in the process of assessing the impact of the amendments on financial position or performance of the Group.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

Annual Improvements – *2015–2017 Cycle*

In December 2017, the IASB announced *Annual Improvements to IFRS Standards 2015–2017 Cycle*, containing the following amendments to IFRSs:

- IFRS 3 *Business Combinations* and IFRS 11 *Joint Arrangements* — The amendments to IFRS 3 clarify that when an entity obtains control of a business that is a joint operation, it remeasures previously held interests in that business. The amendments to IFRS 11 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not remeasure previously held interests in that business.
- IAS 12 *Income Taxes* — The amendments clarify that all income tax consequences of dividends (i.e. distribution of profits) should be recognised in profit or loss, regardless of how the tax arises.
- IAS 23 *Borrowing Costs* — The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows *generally* when calculating the capitalisation rate on general borrowings.

The amendments are effective from annual periods beginning on or after 1 January 2019, with early application permitted.

The Group is in the process of assessing the impact of the amendments on financial position or performance of the Group.

Plan Amendment, Curtailment or Settlement" (Amendments to IAS 19)

On 7 February 2018, the IASB published Amendments to IAS 19 "Plan Amendment, Curtailment or Settlement" to harmonise accounting practices and to provide more relevant information for decision-making. The amendments require entities to use updated actuarial assumptions to determine current service cost and net interest for the remainder of the annual reporting period after a plan amendment, curtailment or settlement occurs. An entity shall apply these amendments for annual reporting periods beginning on or after 1 January 2019. Earlier application is permitted. If an entity applies these amendments for an earlier period, it shall disclose that fact. The Group is in the process of assessing the impact of the interpretation on financial position or performance of the Group.

Functional and Presentation Currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The condensed interim consolidated financial statements are presented in TL, which is the functional currency of Turcas and the presentation currency of the Group.

The functional and presentation currency of the associates whose currency is in a currency other than TL is presented in the currency of the countries in which they are presented and their statutory financial statements are restated by applying the necessary adjustments and reclassifications for the purpose of fair presentation in accordance with TFRS. The assets and liabilities of the associates are translated into Turkish Lira using the exchange rate at the balance sheet date, income and expenses at the average exchange rate. Exchange differences arising as a result of closing and average exchange rates are followed under foreign currency translation differences in equity.

NOTE 2 - BASIS OF PRESENTATION OFCONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.3 Comparatives and restatement of prior year financial statements

The Group prepares comparative consolidated financial statements, to enable readers to determine financial position and performance trends. For the purposes of effective comparison, comparative financial statements can be reclassified when deemed necessary by the Group, where descriptions on significant differences are disclosed.

In the event of changes in accounting policies and accounting estimates, significant changes and significant accounting errors are applied retrospectively and the prior period financial statements are restated. The effect of changes in accounting estimates affecting the current period is recognised in the current period; the effect of changes in accounting estimates affecting current and future periods is recognised in the current and future periods.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements requires the use of estimates and assumptions that may affect the amounts of assets and liabilities reported as of balance sheet date, the explanation of contingent assets and liabilities and the amounts of income and expenses reported during the period. Accounting assessments, estimates and assumptions are continuously assessed based on past experience, other factors and reasonable expectations about future events with respect to those circumstances. Although these estimates and assumptions are based on the management's best knowledge of current events and transactions, accounting estimates may not result in the same amounts as the actual results of the circumstances. The estimates and assumptions that could cause material adjustments in the carrying value of assets and liabilities in the next financial reporting period are as follows:

Deferred Taxes:

Group accounts the deferred tax assets and liabilities for the temporary differences arising from the timing differences between the statutory financial statements and the financial statements prepared in accordance with the Turkish Accounting Standards. Subsidiaries of the Group have deferred tax assets consisting of carry forward tax losses which may be deducted from the future taxable income and other deductible temporary differences. Amount of the deferred tax assets which may be partially or completely recovered are anticipated according to the current conditions. During the projections, future taxable income, current period losses, expiration dates of the carry forward tax losses, other tax assets and the tax planning strategies, if necessary, are taken into account.

The Group has unused accumulated losses which can be deducted from future taxable profits of TL 152,859,253 (31 December 2016: TL 119,975,009) at the balance sheet date. Since the Group anticipates that is going to generate taxable profit for the next five years, deferred tax assets amounting to TL 304,924 has been recognized for total TL 1,524,619 accumulated losses (31 December 2017: TL None) (Note 14).

(Amounts expressed in Turkish Lira ("TL") unless otherwise indicated.)

NOTE 3 - SEGMENT REPORTING

The reportable segments of Turcas have been organized by management as oil and electricity. The products which are included in oil are fuel products, lubricants and engine oil. Electricity group consists of power generation.

Accounting policies applied by each operational segment of Turcas are the same as those are applied in Turcas's consolidated financial statements prepared in accordance with Public Oversight Financial Reporting Standards. Turcas's reportable segments are strategical business units which presents various products and services. Each of these segments are administrated separately by the necessity of requiring different technologies and marketing strategies.

Information regarding to each segment has been presented below. Earnings before interest, tax, depreciation and amortisation (EBITDA) have been taken into consideration for evaluation of the performance of the operational segments. Management considers EBITDA as the most adequate indicator for making comparison with competitors in the sector.

STAŞ

As explained in Note 1, STAŞ operates for the sales, purchase, export and import, storage and distribution of each kind of fuel products and lubricants.

Shell & Turcas Petrol A.Ş. has become operational on 1 July 2006. As of 31 March 2018, STAŞ is one of the leading companies in Turkish fuel distribution sector with 1,011 fuel stations, lubricant production facilities, retail and commercial sale.

In accordance with the agreements signed on 25.08.2017 between Turcas and Shell Company of Turkey;

(i) Shell has been granted the right, but not the obligation, exercisable at any time and only by Shell, after a 2 year lock-up period, to trigger a calculation of the Fair Market Value (FMV) of STAS for the purpose of purchasing Turcas' 30% shares. If upon calculation of FMV Shell makes an offer to purchase Turcas' shares in STAS, Turcas has the right to counter offer to purchase Shell's 70% shares in STAS, which could then effectively trigger an auction between the parties where each party has the right either to agree to sell its shares at the last offer or make an increased counter-offer to purchase the other party's shares. Shell has the ability to cancel the auction process at any time before acceptance of any offer. If Shell stops the process, all the offers made up to that time will be null and void and each party's shareholding in STAS will not change. But if it elects to do so, a 2 year lock up period will again be imposed.

(ii) In return for Turcas providing Shell with the option to trigger an exit, Shell shall cause STAS to issue 125 Usufruct Certificates to Turcas, which shall each entitle Turcas to USD 64,000 of preferred dividends per annum to be valid from financial year 2016 and with first payment to be realized in 2017. "

NOTE 9- EQUITY (Continued)

The legal reserves consist of first and second reserves, appropriated in accordance with the Turkish Commercial Code (TCC). The TCC stipulates that the first legal reserve is appropriated out of statutory profits at the rate of 5% per annum, until the total reserve reaches 20% of the company's paid-in share capital. The second legal reserve is appropriated at the rate of 10% per annum of all cash distributions in excess of 5% of the paid-in share capital. In accordance with the Turkish Commercial Code, legal reserves can be used for offsetting the losses as long as they do not exceed 50% of the paid in capital. Apart from that, they cannot be used in anyhow.
These amounts should be classified under "Restricted Reserves" as per CMB Financial Reporting standards.

Dividend distribution

Dividends are distributed according to Communiqué Serial: IV, No: 27 on "Principles Regarding Distribution of Interim Dividends for quoted entities subject to Capital Market Board Law", principles on corporate articles and dividend distribution policy which is declared by Companies.

In addition to the CMB, it is stipulated that companies which have the obligation to prepare consolidated financial statements, calculate the net distributable profit amount by taking into account the net profits for the period in the consolidated financial statements that will be prepared and announced to the public in accordance with the Communiqué II-14.1 that sufficient reserves exists in the unconsolidated statutory books.

It is allowed to pay dividends to shareholders as bonus share which shall be issued through the addition of dividends to equity or in cash or distributing to shareholders at a certain ratio in cash and at a certain rate as bonus share depending upon the resolutions taken in the general assemblies of companies provided that it is decided to realize dividend payment and also to remain the amount in question in partnership body without distribution if the amount of determined first dividend is less than 5% of paid/issued capital but it has become obligatory for the joint stock companies, which shall pay dividends from net income for the period as a result of their activities and having their shares separated as "old" and "new" since they have made a capital increase without realizing dividend payment related to previous period, to pay the first dividend, which shall be calculated, in cash.

Corporate Tax

The Group is subject to taxation in accordance with the tax regulation and the legislation effective in Turkey.

In Turkey, the corporate tax rate is 20%. However, in accordance with the addition of temporary 10th article to the Corporate Tax Law, 22% corporate tax rate will be applied to the profits of the entities related to their to 2018, 2019 and 2020 tax periods (for the entities with special accounting period, tax periods commenced in the related year) rather than 20%. This rate is applicable to the tax base derived upon exemptions and deductions stated in the tax legislation and by addition of disallowable expenses to the commercial revenues of the companies with respect to the tax legislation. Corporate tax losses can be carried forward to be deducted from taxable profit for a maximum period of 5 years following the year in which the losses were incurred. But these losses can not be deducted retrospectively from profits incurred in previous periods.

In Turkey, there is no implementation such as agreement with the tax authorities about taxes payable. Corporate tax is required to be filed by the twenty-fifth day of the fourth month following the balance sheet date and taxes must be paid by the end of the fourth month.

The tax legislation provides for a temporary tax of 20% (will be applied as 22% for 2018, 2019 and 2020 tax periods) to be calculated based on earnings generated for each quarter. Temporary tax is declared by the 14th day of the second month following each quarter and corresponding tax is payable by the 17th day of the same month. The amounts thus calculated and paid are offset against the final corporate tax liability for the year. If there is excess temporary tax paid even if it is already offset, this amount may be refunded or offset.

(Amounts expressed in Turkish Lira ("TL") unless otherwise indicated.)

NOTE 14 - TAX ASSETS AND LIABILITIES (Continued)

Income witholding tax

In addition to corporate taxes, companies should also calculate income withholding taxes and funds surcharge on any dividends distributed, except for companies receiving dividends who are resident companies in Turkey and Turkish branches of foreign companies. The rate of income withholding tax is 15 %. Undistributed dividends incorporated in share capital are not subject to income withholding taxes.

Deferred tax assets and liabilities

The Group, recognizes deferred tax assets and liabilities based upon temporary differences arising between their financial statements prepared in accordance with Turkish Financial Reporting Standards and their statutory financial statements. These temporary differences usually result in the recognition of revenue and expenses in different reporting periods for Turkish Financial Reporting Standards and tax purposes.

The rate applied in the calculation of deferred tax assets and liabilities is 20% and 22% depending on the periods that temporary differences disappears (31 December 2017: 20%).

The breakdowns of cumulative temporary differences and the resulting deferred tax assets/liabilities using principal tax rates are as follows:

NOTE 17 - FOREIGN CURRENY POSITION

(i) Foreign currency risk management

Foreign currency transactions cause foreign currency risk.

The Group has foreign currency risk, due to the fluctuations in exchange rates used in used in foreign currency transactions. The foreign currency risk arises from future trade transactions, the difference between recorded assets and liabilities. Under such circumstances, the group controls this risk by netting off the foreign currency assets and liabilities. The management analyzes the group's foreign currency position and takes necessary precautions when needed.
